

# Control Solutions & Services for the Energy Industry

Solving The Problem. Satisfying The Need.

**D**resser - Masoneilan, with 25 manufacturing units worldwide, supported by an integrated network of sales offices, provides the widest range of valve solutions and services for every application in the process control industries.

## TECHNICAL LEADERSHIP

Masoneilan offers over 120 years of innovation and technology leadership to solve the most difficult process applications without compromise.

## COMPLETE SOLUTIONS

Masoneilan your single source supplier, offers a broad portfolio of products including control valves, actuators, pressure regulators, and field instrumentation.

## INNOVATIVE SOLUTIONS

Masoneilan offers innovative valve and actuator technology providing customized solutions for the most demanding applications. As control valve technology has advanced, Masoneilan has set the pace with state of the art developments in instrumentation and software. Masoneilan, indeed offers best in class technology in its line of HART® and FOUNDATION® fieldbus instrumentation and supporting software. Open design architecture, great breadth of valving products and outstanding control performance set Masoneilan apart from all other control valve suppliers.

## AFTERMARKET SUPPORT

Masoneilan has established a global network of fully authorized repair and service centers (MARC's - Masoneilan Authorized Repair Centers) providing a comprehensive suite of aftermarket services marketed as TVM (Total Valve Management).
